

Exhibition All Risk

Exhibitions showcase valuable items and products, making them vulnerable to potential risks. KEU Underwriting Managers' Exhibition All Risk Insurance Solution provides comprehensive cover for physical loss or damage to items on display, ensuring peace of mind for organisers and exhibitors alike. This solution can also extend to cover goods displayed at mall stands, such as electronic devices or other valuable products.

What Does The Policy Cover?

This solution is designed to protect items on display at exhibitions or mall stands against physical loss or damage. The cover also extends to include goods during transportation to and from the exhibition, ensuring comprehensive protection throughout the event lifecycle.

Cover Provided For A Once-Off Event:

Coverage begins either upon delivery of the items or once they are set up at the exhibition. It is crucial to determine who is responsible for the transportation to and from the venue. The insured must ensure that the terms and conditions of all rentals are clearly understood before accepting responsibility. A completed proposal form will be required, along with a specified list of the items to be insured.

Rate Applied:

The rate for this solution is determined by several factors, including:

- Security measures in place.
- Description of the goods being insured.
- Transportation requirements.
- Duration of the insurance period.

Policy Features:

- **Transportation cover:** Protects goods during transit to and from the exhibition.
- **Flexibility:** Coverage tailored to the specific needs of exhibitors or organisers responsible for displayed items.

Main Exclusions To Note:

While this policy provides robust cover, it does not extend to:

- Absconsion or confiscation.
- Theft from unattended vehicles.
- Wear and tear, or mechanical or electrical breakdown (cover for power surges is included).

Note: This is a summary of relevant points. For full policy information, please contact the KEU offices for the policy wording.
